Life as we know it today

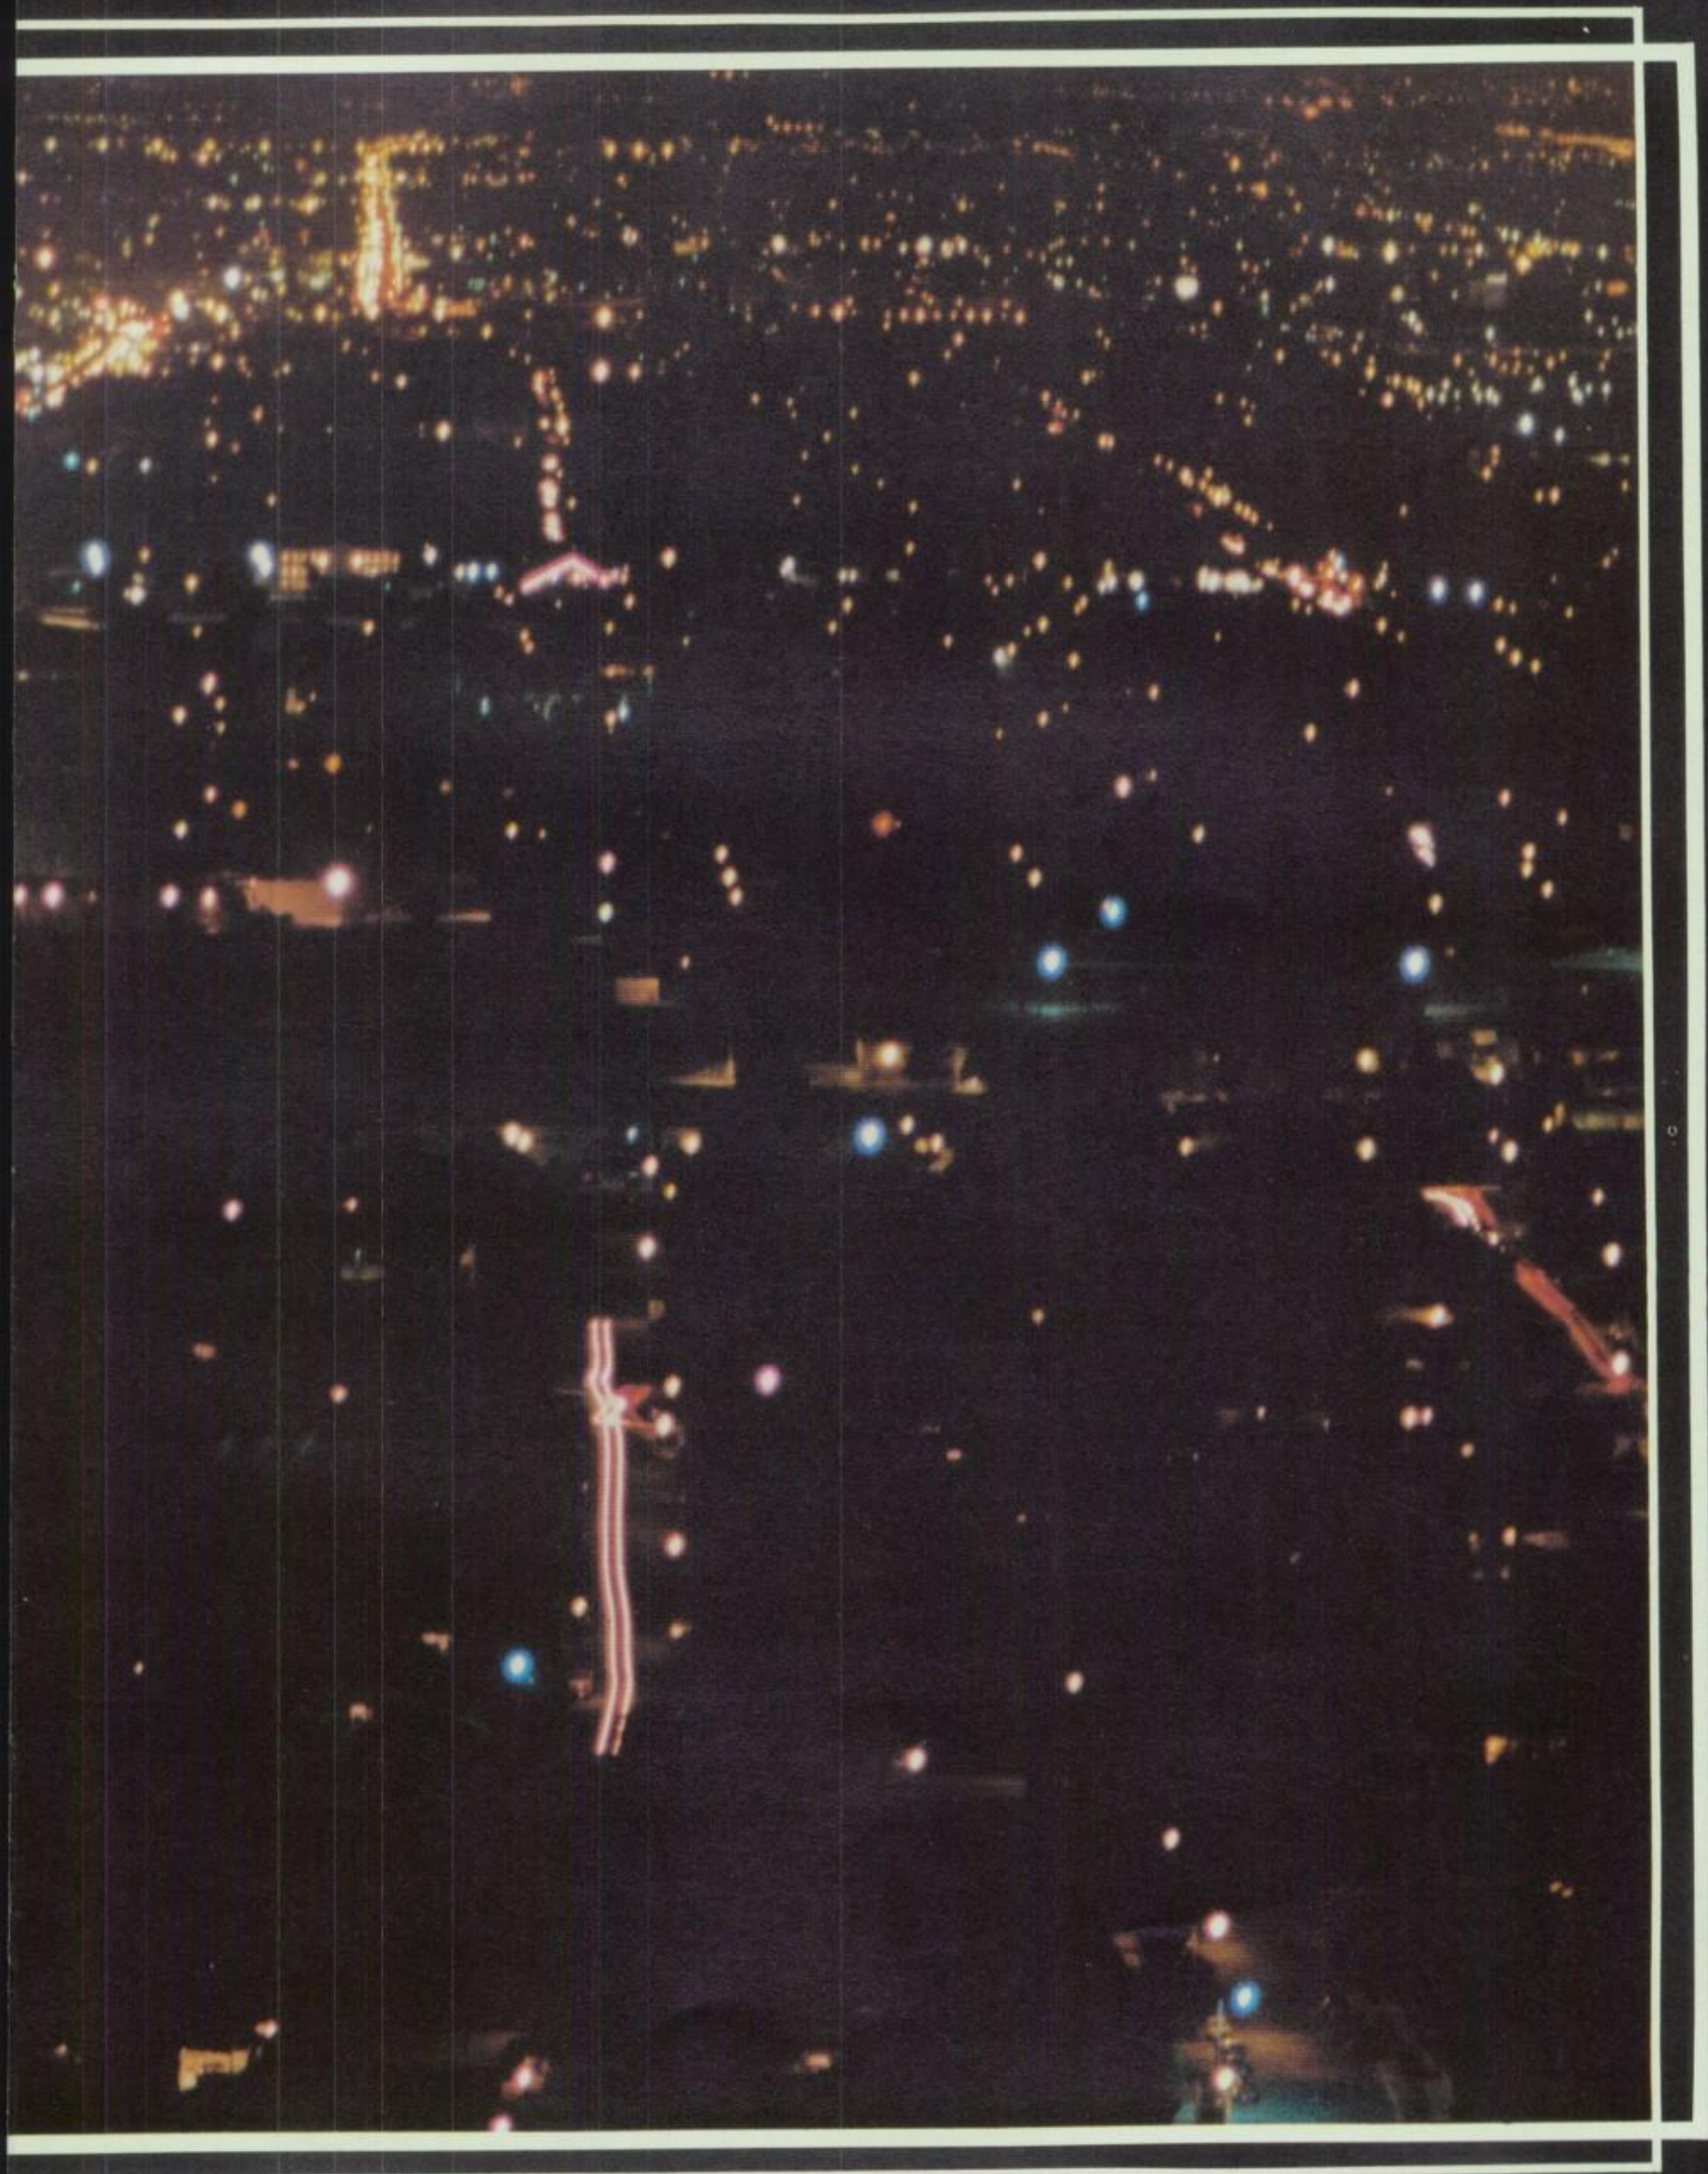

As each of us look back on all of our years of school, we find ourselves reflecting on all that we have learned in life, not just inside the classrooms but outside in our private lives. All the friendships we've made, the triumphs and tragedies. Even though our memories are either good or bad, we will leave El Modena soon and step into the future.

For each one of us the future will hold many uncertainties in life. As the world we know today, will change by tomorrow, all we can be sure about is what we learned yesterday. We hope this book will make you aware of the life ahead of you by recapturing our life today.

Administration Under New Leadership

There were many changes at the beginning of the 1982-83 school year. Mr. John Ikerd was promoted to the Orange Unified School Board as Contract Administrator and Mr. Jim Dokos was advanced to the position of Principal. Mr. Don Salio took over as assistant Principal in place of Mr. Walter Hess.

As the new principal, Mr. Jim Dokos had a major problem to overcome. There was a shortage of teachers due to a higher enrollment of students, which he quickly resolved by hiring a few more teachers. Under Mr. Dokos' capable leadership, El Modena staff and students adjusted quickly to the many shifts and changes.

1. Principal Jim Dokos. 2. Principal Jim Dokos. 3. Superintendent of Schools Gale Pattison. 4. President Joe Cherry. 5. Member Robert Elliot. 6. Member Ruth Evans. 7. Principal Jim Dokos and Vice-Principal Don Salio. 8. Vice-Principal Don Salio. 9. Vice-President Gilbert Darwin. 10. Clerk Milton Jensen. 11. Member Elaine Pleines. 12. Member F. Bert Shiles. 13. Vice-Principal Don Salio.

Counselors Adjust to More Work

The Counseling Staff encountered many changes during the 1982-83 year. Mr. John Barnyak and Jim Bartel left, due to District cutbacks. With the loss of Jim Bartel, and John Barnyak a greater work load was placed on the remaining counselors. Lightening the burden of the staff two new additions were added to the Career Center, Eurika and Coyn two computers that center on helping students find a career goal. This left more time for the counselors to assist students with registration and personal counseling.

V.I.P.'s Add Order to Our Lives

El Modena's VIP's without their services, how would our school survive? They take care of the repairs, keep our classrooms clean and help us maintain a smooth running P.E. Department. Their schedule is very demanding and in spite of the extra work of having Santa Ana Colleges night classes, they are doing an excellent job. The Cafeteria staff continues to maintain an excellent quality of food, services and they do their best to keep their prices affordable for students.

1. Rex Johnson tries to protect the boys P.E. and football equipment from abuse. 2. Shawn Ervin decorates our fields with the equipment for the sport of the day, football, track, etc. 3. Miss Martian has the girls P.E. department organized to perfection. 4. Guarding our back gate with his dark glasses and clipboard is Mr. Rona. 5. John King can be found at the front gate, checking for passless students. 6. Almost anywhere on campus you can find Carmen Gonzales school rules. 7. The janitors office seems to be Marvin Stollers favorite break place. 8. Lounging is a rare luxury for Head "Janitor" Howard Pinderknect. 9. Cecil Watson protects the campus at night cleaning and fixing. 10. Matt Lester is another special night janitor. 11. This little cart helps our janitor's run from one end of campus to the other as they are needed. 12. (L to R) Helen Cruikshant, and Pat Lake are cafeteria workers that make our good lunches. 13. Chief chef Helen Cruikshant checks some lunch cooking in the oven. 14. Another grand helper for the cafeteria is Linda Capps.

It includes the many different English classes from Sophomore English to American and British Literature and Advanced Placement and Composition classes. The team worked closely together to create original and interesting themes for the assemblies. A very special "Thank you" to all 3 who contributed greatly.

Senior Castaways Dominate Elmo Island

Senior spirit week began early on Friday morning. Decorating the Quad area were seniors that had brought bamboo, posters, and a boat christened the "S.S. Elmo." As the seniors arrived clad in torn shirts, shorts and straw hats the spirit began to rise. Even the people that did not put on costumes had a "senior Castaway" shirt on. The assembly exhilarated everybody. Each skit was well put together, but it evident that the seniors dominated. When Tino Younger, dressed as Pete Parker, Keith Kersh as Coach Arambel, and Bertrand Finknbiner as Coach Lester for the skit the crowd expected nothing less than a hysterical story. The author, Mike Hummel showed his high spirit and every one enjoyed the assembly. At the end of the day after each section had been cleaned up, the Juniors were announced as the winners of spirit week. The result was a refreshing and highly spirited squad that inspired junior class spirit to an all time high.

This year's Winter Formal was held on January 13, at the Anaheim Convention Center and was sponsored by the Girls' League. The theme "A New Year's Fantasy," was appropriate since the dance was held after New Years. Instead of the traditional Christmas Dance, students enjoyed a gala New Years celebration. Everyone danced to the great sound of "Jason," who played hit songs made popular by groups such as Men At Work, Air Supply and The Clash. The evening concluded with the crowning of the Coronation King and Queen for 1983, with Tyler Terry and Kris Erickson winning the honors.

Students Get Down to Business

Not all of school is spent behind a desk or researching a term paper. In fact, when students really want to get down to business, they turn to the football games, assemblies and extracurricular activities to pull them through the long weeks of school. Another release from the work and worries of school is nutrition and lunch. These much needed breaks from classes, give students a chance to socialize with friends and catch up on the latest gossip.

Students Make the School

Meeting the challenges of a constantly changing society found El Modena students looking, finding and even inventing ways to fit in. As the year progressed and developed, students discovered activities, classes, clubs, sports, and groups to be involved in. From the lone cross-country runner getting in shape to the actress memorizing and rehearsing her lines and stage cues, the students prepared. Getting involved was kind of good, and for many, it lightened the psychological load of school work. Here at El Modena, the students definitely made the school.
